

# OSCAR BC

Connecting Care • Creating Community

***BILLING***

***WEBINAR***

**Sat Jun 26, 2021**

**9-10:30 AM**

JENNICA GRENIER, MOA

PATTI SCOTT, MOA

DR. JOHN YAP

DR. JOHN ROBERTSON

**OSCAR BC**

Connecting Care • Creating Community

**OSCAR EMR Billing Webinar: [Join us](#). It's free!**

Learn about billings, resubmissions, reconciliations, reports, diagnostic codes, time stamps, billing with Greasemonkey, and more. A participant Q&A session will be held in the second half of the webinar.

**Webinar leads include:**

Jennica Grenier, MOA and Patti Scott, MOA

Dr. John Yap and Dr. John G.M. Robertson

**Register [here](#) or email [membership@oscarbc.ca](mailto:membership@oscarbc.ca)**

# eForm Updates

## **eForms & Forms Updated in April 2021**

You can search for eForms on the [OSCAR BC](#) website, [BC eForms Search](#)

Dr. John G.M. Robertson, OSCAR BC Director & OSCAR eForms

Librarian, has provided info regarding the eForm updates, except where noted.

### **1. eForm Generator Version 7.0 - "Ticklers for Everybody!"**

eForm Generator version 7.0 refactored ticklers. Dr. Peter Hutten-Czapski says:

"There's support now for almost every OSCAR version and fork in the road; Ticklers for OSCAR 9+ now refactored on save; Signatures for OSCAR 12+."

Note: The eForm Generator has been posted as a .html.txt file in the World OSCAR repository. Please rename the extension to .html after you have downloaded it so that it will function. Place this html file in the same folder as the images you are using for your eForms. Posted [here](#) and [here](#)

### **2. Modified Centor Score: Pharyngitis Risk Score**

Moved from the beta testing side to the permanent side. Posted [here](#) and [here](#)

### **3. FHA Bone Marrow Requisition February 2020**

Moved from the beta testing side to the permanent side [here](#) and [here](#)

### **4. FH Insulin Sliding Scale 2016**

Moved from the beta testing side to the permanent side [here](#) and [here](#)

#### **5. Fraser Health Therapeutic Phlebotomy Sep 2017**

Moved from the beta testing side to the permanent side [here](#) and [here](#)

#### **6. VCH Adult ADHD Referral eForm**

Moved from the beta testing side to the permanent side [here](#) and [here](#)

#### **7. CBT Program BC Referral Form**

Moved from the beta testing side to the permanent side [here](#) and [here](#)

#### **8. Tri-Cities Infant Feeding Clinic Referral (Feb 2021)**

Moved from the beta testing side to the permanent side [here](#) and [here](#)

#### **9. Cancer Genetics & Genomic LYMPHOID and MYELOID TUMOR Testing**

Moved from the beta testing side to the permanent side [here](#) and [here](#)

#### **10. BCCA VGH Flow Cytometry Requisition 2018**

Moved from the beta testing side to the permanent side [here](#) and [here](#)

#### **11. RCH Cytogenetics Cancer Studies Requisition 2020**

Moved from the beta testing side to the permanent side [here](#) and [here](#)

#### **12. South Island Integrated Breast Cancer Program Centralized Referral**

This eForm was created by Erin Nelson. It's a new referral form that is required to be used for patients with a new Breast Cancer diagnosis.

Posted [here](#) and [here](#)

#### **13. Burnaby Division, Primary Care Network - B Well Chronic Disease Prevention Behavioural Medicine Team**

For those working in the Burnaby Division, there is a new service to assist your patients needing lifestyle and prevention advice. Posted [here](#) and [here](#)

#### **14. Kipp Eye Clinic in Chilliwack: Referral eForm**

Posted [here](#) and [here](#)

#### **15. Restore Sports Medicine**

Dr. John Yap: "With the 2020 closure of BC's Fortius Health & Restore complex, some of those physicians relocated to the Restore Sports Medicine Institute. They offer joint injection services, which have been limited at other sites due to COVID-19." Posted [here](#) and [here](#)

## **16. Expedited Injured Workers Clinic**

This form is originally from 2011 and it now appears that patients can self refer. I have created it at the request of a colleague. It includes the latest (I believe) version of Dr. John Yap's signature scripts, and it has a slightly updated version of the circle boxes (they are now more circles and fewer boxes).

Moved from beta testing to the permanent side. Posted [here](#) and [here](#)

## **17. ECOG Performance Scale 2021**

From Dr. Günther Klein: "I've built another simple HTML-only eForm for the ECOG Performance Scale for cancer patients under treatment. The ECOG score seems to be favoured by oncologists and palliative care docs over the old Palliative Performance Scale (PPS) these days. ECOG v2.1 (with measurements - click on measurement setup for guidance) and ECOG v3.1 (no measurements) are available." Moved from the beta testing side to the permanent side, posted [here](#) and [here](#)

## **18. Lower Extremity Functional Score**

Created by Dr. Günther Klein: "Used fairly regularly for referral to Joint Replacement Programs, I tweaked the CSS print media script to render a one-page paper questionnaire for patients to fill out on a clipboard. Rearranged the questionnaire to make it less confusing for patients to understand (we are asking about "difficulty" but points are allocated per "level of function") --- v2 push-pulls "LEFS" from measurements, and has embedded measurement setup instructions. --- v3 has measurements disabled (commented out) for those that don't use measurement."

Posted [here](#) and [here](#)

## **19. Foot Solutions 2021**

Updated: Comment out fax and signature options; Use checkValidity() and reportValidity() to assess required fields; aligned copy to input; used placeholder instead of background to highlight field. Referral to Foot Solutions. Custom Orthotics, Orthotic Additions, Custom Footwear, Specialty Products, Compression Stockings.

Moved from the beta testing side to the permanent side [here](#) and [here](#)

## **20. BC Lower Mainland MRI Requisition**

Dr. John Yap: "The central intake setup has done wonders for reducing wait times. This is the same form but with some tidying up of the inputs and displays - measurement dates no longer include times! The submit-print combo has been detuned. Finally, for those who eFAX and need the fax number, it is now

"copyable" to your clipboard." You will need to delete the previous eForm from your library. Posted [here](#) and [here](#)

## 21. Migraine Disability Assessment form - New May 2021 Updates

Posted [here](#) and [here](#)

The MIDAS (Migraine Disability Assessment) questionnaire was put together to help measure the impact headaches have on a patient's life. The information is also helpful for primary care providers to determine the level of pain and disability caused by the headaches and to find the best treatment. The eForm calculates with a button and highlights the appropriate Grade, Definition, and Score. Dr. Ross has been beta testing this form, and has noted that the numbers do not reappear when the eForm is re-opened. Peter Hutten-Czapski has confirmed that OSCAR will not save number fields, only text fields (Thanks for the assist Peter ). As the fields function better as number fields, I have written in some extra code to bring the numbers back when the eForm is re-opened. The newer eForm has been posted in place of the previous one.

## IMPORTANT UPDATE

### New Antenatal Record eForm

OSCAR BC is aware that many are waiting for an updated Antenatal Record eForm. We are working with EMR Service Providers and developers to get this work completed. We anticipate that it should be ready by the fall. We will share more concrete information, once it is available.

### Order eForms

OSCAR BC would be pleased to create an eForm for you. Quotes are typically provided within one week. Please visit our website and [fill out the request the form](#).
