

# OSCAR BC

Connecting Care • Creating Community

## OSCAR BC Updates

If it seems like we look different, that's definitely us. We're updating our [oscarbc.ca](https://oscarbc.ca) website. We have a new OSPs and 3rd Party Apps page, under Resources and we hope to add more OSCAR EMR training content this year.

### OSCAR BC Donation to UGM

OSCAR BC made a \$1,000 donation to Union Gospel Mission. UGM is a charitable organization in Vancouver that provides people in need with meals, shelter, affordable housing, life recovery programs from addiction, education and job preparation. WELL Health Technologies is matching donations during the COVID-19 crisis to [CityReach Care Society](#), [Participation House](#), and [Union Gospel Mission](#), up to \$100,000 in total cumulative donation value. If participating, [email your donation receipt](#) to WELL and they will match the donation for the same cause/charity.

### **eForms: Updated & New**

### **DTO Guide to eFaxing**

Physicians and MOAs working remotely during the COVID-19 pandemic have had to adapt a number of workflows, including faxing documents from outside the office. DTO's new Guide to [eFaxing](#) provides information including adjusted workflows, privacy and security best practices, and adding digital signatures.

Contact [dtainfo@doctorsofbc.ca](mailto:dtainfo@doctorsofbc.ca) for more information or support.

### **Virtual Care Directory**

[Pathways](#) is creating a public-facing Virtual Care Directory to support patients and physicians with the shift to virtual care (phone and/or video). It's a way to let your patients know if and how they can reach you virtually. **Populate your info into the Virtual Care Directory:**

- Family Practitioner [Survey](#).
  - Nurse Practitioner [Survey](#).
  - Specialist [Survey](#).
