WISHING ALL OSCAR BC SUBSCRIBERS A

Happy
2021

MAY THIS YEAR BE BETTER FOR YOU
ON THE FRONT LINES OF THE PANDEMIC

COVID in Our Community Podcast
Dr. Shari Sajjadi & Dr. Alison Henry share insights into working during the pandemic. This podcast episode was produced by Around Town-Chilliwack and happened thanks to support from Chilliwack Division of Family Practice and the Chilliwack Economic Recovery Network.

eForm Updates

eForms & Lists Updated in Dec 2020 / Jan 2021

Nearly 15 eForms were updated between Dec 1 - Jan 15. We thought you might like one handy place to scan the list. These updates were advertised on the OSCAR community listserves.

You can search for eForms on the OSCAR BC website, BC eForms Search page by entering keywords in the Search box. If an eForm is on World OSCAR, it is findable in the OSCAR BC, BC eForms Search page.

1. Stand Alone Pregnancy Calculator to be Used Independently of OSCAR

Link: "I ran into some issues with using it on Fraser Health computers due to the firewalls not allowing access to javascript and jquery libraries that are outside the firewall. I have adapted the pregnancy calculator to these issues and collected the necessary files to allow it to function independently of OSCAR. Because some systems will not allow for uploading of javascript files (and because worldOSCAR does not allow me to post js files) I have also created .txt files that can be converted back to .js files once they have been uploaded. I have posted this here." Dr. John Robertson

2. Updated Standard Outpatient Lab Requisition for Maternity Care

Link to Form

a) Previous lab results will be pulled into the form (date+value) for comparison prior to ordering new labs
b) The menu has been simplified, and the labs for the 3 trimesters are the most obvious
c) Other minor appearance issues have been improved

3. FHA RCH Vascular Lab Requisition - January 2021

Link to Form

4. Vascular Lab req: Version 2 - Providence Health Care

Link to Form: "This one was originally done in 2013. Somewhere along the line, the labs' phone and fx # were changed, but no one acknowledged that in the form's revision number. It's otherwise identical! So, if anyone actually used this form, and found it rejected, or faxed nowhere, that's probably why! It's been fully updated for 2021 - including signature stamps, if you're inclined to use them!"

5. FHA Royal Columbian Hospital Vascular Lab Requisition

Link to Form: "Location of the lab has been removed, there is no inpatient

option (that is still in the St. Paul's one), and....the revision number was changed. Not earth-shattering changes, but the deletion of the one line forced a realignment of ALL the input fields. Signature options also updated."

6. Community Palliative Care orders eForm – FHA
Link to Form

7. FHA Palliative Patient Community Rx (EOL orders): version 2
Link to Form. "Same as the original with an option of wet or stamped signature; and medication cues. V2_Jan9_2021 FHA." Dr. John Yap

8. Referral to the Outpatient Neuro-Diagnostics Clinic: ARHCC
Link to Form

9. Neurology Outpatient Referral Form for JPOCSC June 2020
Link to Form: "This version will pull signature stamps (needs a bit of tweaking in the code for your instance) and a version that has "electronically signed" in the signature area."

10. COVID-19 vaccine queue template HASHTAG #COVID_vaccine_queue
Link to Form: (Read the caution in the description.)

11. New Special Authority form for Ozempic
Link to Form: Ozempic is now covered under Special Authority. The form has been created, and the generic special authority form has been updated. Please delete the previous version of the Generic Special Authority form before uploading the new one.

12. Lions Gate Rapid Access Spinal Clinic
Link to Form: (Updated with newer code)

13. West Coast Gastroenterology eForm
Link to Form

Order eForms
OSCAR BC would be pleased to create an eForm for you. Quotes are typically provided within one week. Please visit our website and fill out the request the form.
