

OSCAR BC

Connecting Care • Creating Community

Coronavirus / OSCARCON

OSCAR BC expresses our well wishes to the OSCAR community, to all health care professionals and their families. Given the Coronavirus pandemic, a June 2020 OSCARCON conference does not appear feasible. We will adjust the conference implementation date according to conditions.

Dr. Bonnie Henry, Provincial Health Officer

Dr. Henry has outlined expectations for all regulated health professionals providing patient care in community settings during the COVID-19 pandemic. She recommends seeking guidance from your regulatory college regarding the reduction or elimination of non-essential and elective services, and delivering patient care via telephone & video when possible and appropriate. - 3) [DTO Virtual Care Support Network](#) - Physicians, MOAs, and Practice Support Program (PSP) Regional Support Team members provide clinics with in-clinic/virtual coaching and one-on-one support with implementing virtual care in their practice.
Support/info: DTOinfo@doctorsofbc.ca
- 4) [Doctors of BC's COVID-19 updates](#)
- 5) [Other Health Technology Supports](#)
One-on-one DTO support (604) 638-5418 or [email](#)
- 6) [Health technology resources](#) to help navigate clinic privacy & security, EMR troubleshooting, billing and other related items.

**Health
Data
Coalition**

HDC

The HDC network now has 660 registered users. More perspective is gained from this larger data set. HDC just made it easier to collaborate with peers by rolling out email notifications for sharing requests and changes. Join your OSCAR BC colleagues in using their EMR data for reflection. Enrol in hdcbc.ca.

Open OSP Service Cooperative

Open OSP is a member-owned cooperative that provides OSCAR-based onsite and hosted solutions and services, including data migration from a range of EMRs, integrated telehealth, fax, and online booking options. The Cooperative's profits are invested in member-driven software, and service improvements. Visit openosp.ca.

Juno EMR

Juno EMR has announced a Telehealth integration with the EMR schedule, which allows patients to book Telehealth Appointments into the EMR by clicking the Telehealth icon on the schedule (looks like a camera). This Virtual Care platform is free of charge until July 1st for all Juno EMR customers. More information [here](#). Contact info@junoemr.com.

WELL Health Technologies Corp

WELL Health is offering access to their new, comprehensive VirtualClinic+ telehealth platform to users for free. Health care practitioners can provide virtual care for attached patients and the platform also allows access to virtual walk-in volume to serve unattached patients.

CORTICO.CA

Cortico

Cortico is a new technology solution for health practitioners using OSCAR EMR. With seamless online booking, integrated Telehealth and automated self-registration, Cortico enhances patient care and practitioner efficiency while reducing operating costs. It also helps keep clinics running smoothly during this Covid 19 crisis. Visit cortico.ca for details.

eForms: We can create them for you OSCAR BC Members pay preferred rates

Become a Member of OSCAR BC

OSCAR BC is a non-profit society that is a collaboration of BC's OSCAR users, IT experts, and academics. Funds collected are used to gather BC user input to direct and prioritize future OSCAR-related projects and development. Membership is \$20 per month per full-time OSCAR user, billed quarterly or annually. To join, please email membership@oscarbc.ca.

Become a Subscriber to this Newsletter

This newsletter is free. Is everyone in your office subscribed? OSPs are welcome to share this invitation to subscribe with their customers. Subscribers: sign up other medical practitioners and MOAs in your clinic. Receive important OSCAR updates and news.
