# OSCAR BC
Connecting Care • Creating Community

In June, we invited our OSCAR BC subscribers to participate in a survey about the open source OSCAR EMR updates they would like. We had a good response and received some excellent suggestions, which are being reviewed by the board. Go-forward projects are being determined. In the meantime, we thought you might like to see the top priorities list of the OSCAR community.

DIRECTORS NEEDED - OSCAR BC, AGM

There will be a couple of director positions available on the board. The AGM and director elections will likely be held at the end of September. Current directors would especially like to have MOA and maternity care representation on the board. Please let us know if you have an interest in becoming a director. Questions can be directed to Ken Becotte, Executive Director, info@oscarbc.ca.
