AGM 2020

FRIENDLY REMINDER...
Join us for the AGM
Sat Sep 25 at 9:00 am

Thanks for those who have already registered...
All are welcome to join us for OSCAR BC's 2020
Annual General Meeting (register here).
OSCAR BC is a member-driven, non-profit
organization that advocates for and
supports healthcare practitioners using an
OSCAR EMR. Member contributions are $20 per
month per FTE, billed quarterly or annually. New
members are welcome to join us by completing
our online form (membership@oscarbc.ca).

GREASEMONKEY
WEBINAR

REGISTRATION NOW OPEN

WEBINAR LEADS
DR. STAN HURWITZ
DR. JOHN YAP
DR. JOHN ROBERTSON

OSCAR
BC

SAT SEP 25, 9:15 am - GREASEMONKEY

Do it yourself EMR upgrades... The Top 10 Greasemonkeys will be demonstrated in this free OSCAR BC-hosted webinar. including Page Scraper to see extra demographics in your eChart, eChart Buttons to access your most commonly used eForms or to get to Measurements, Billing to re-create private multi-line invoices, and more! In short, Greasemonkey is an add-on to the browser that improves the EMR functionality in some tasks. Webinar leads will provide demonstrations and take questions from participants.
Note: This webinar will begin right after the AGM (same connection details). Join us at 9:15 am, or at 9 am for the OSCAR BC AGM).
Please register here, or email membership@oscarbc.ca (Thanks to all those who have already registered!)

eForm update information notes have been provided by the OSCAR Librarian Dr. John G.M. Robertson, unless indicated otherwise. Use the links highlighted or the BC eForms Seach box on the OSCAR BC website.

5 NEW SINCE OUR EMAIL 2 WEEKS AGO
This reminder email about our AGM & Greasemonkey Webinar gave us a chance to sneak in a few more eForm updates that have been added since September 1, 2021. They're included in this top section here, in case you've already scanned the ones below.

BCWH Access Clinic Referral 2021
The Access Clinic offers cervical cancer screening (pap tests) to adolescents and women with disabilities, or who have had difficulties with routine screening at their health care provider's clinic. We aim to help any woman who has experienced barriers to cervical cancer screening, menstrual management, or

who require specialized contraception counseling. Posted here and here

BCWH Medical Genetics Prenatal Referral Sep 2, 2021
There has been 1 field added from the 2019 version - an email address field, and some required fields added. The form otherwise appears the same. As I had to update it, I decided to bring it up to the same state as the newer forms. Posted here and here

BCWH Oak Tree Clinic 2021 Referral to Reproductive ID +/-
The Oak Tree Clinic at BC Women's is a leader in providing specialized clinical care to women, children, and their families living with HIV. They are a provincial resource for providers seeking information on best practice and evidence-informed care. for those interested, this form contains code to convert from YYYY-MM-DD to DD/MMM/YYYY (so 2021-09-12 to 12/Sept/2021) and separate code to convert back (using arrays and IndexOf()). It also has code to calculate today's Estimated Gestational Age (EGA) based on an input of the EDC (EDD) and today's date. Posted here and here

CADTH Non-drug Treatment
Canadian Agency for Drugs and Technologies in Health Non-Drug Treatment eForm. CADTH completed a series of evidence reviews to appraise and summarize the research on the effectiveness of non-drug methods for the treatment of chronic, non-cancer pain. These reviews were used to develop a series of printable patient handouts and clinician evidence summaries, which can be found at cadth.ca/chronicpain. Clinician summaries include "practical considerations," which are useful tips and strategies for recommending the use of each non-drug method to patients.

With thanks to Tracy Monk for bringing this form to my attention and providing the PDF. This seems a timely addition to the eForm library given recent legal decisions in the US. Posted here and here

Complex Care Lite eForm
The Complex Care Lite form has been updated by Dr. Yap. The updated version has been posted in place of the previous version.
Posted here and here

*** Updates sent on Aug 31, 2021 are listed below***
BC-wide Approved Home Sleep Apnea Testing eForm
Dr. Yap has adapted the new standardized Ministry of Health Home Sleep

Apnea testing form into an eForm. Several companies have asked for customization of this form for their particular business. Both the BC-wide ministry-approved form and the adapted forms can be found [here](#) and [here](#)

BC Cancer Agency Hereditary Cancer Program Referral
Dr. John Yap has updated this eForm. It replaces the 2018 version
Posted [here](#) and [here](#)

BC MFM Referral Fraser Health, Provincial Health, Jim Pattison, Royal Columbian - In this update:
Posted [here](#) and [here](#)
- The signature no longer runs onto the 2nd page
- Choice of wet, image, or "Electronically Signed"
- Links to other parts of the chart have been added
- When you check Yes for interpreter required, there's a nag to fill in the language field
- Edges on the circles around the choices for LMP vs US have been rounded
- The print and submit button was removed. Now there's a warning to submit after you print (and the submit button is animated).

Carewell Physiotherapy and Rehab eForm (Scarborough)
Moved from the beta testing to the permanent side. Posted [here](#)

Centre for Addiction and Mental Health Referral (CAMH)
Moved from the beta testing to the permanent side. Posted [here](#)

COVID-19 Consent Form (Ontario)
Moved from the beta testing to the permanent side. Posted [here](#)

EMGALITY Patient Support Program
The 2021 version has been moved from the beta testing to the permanent side. Posted [here](#) and [here](#) (The 2020 version has been removed)

FHA Specialized Seniors Clinic 2018
Moved from the beta testing to the permanent side. Posted [here](#) (The 2012 and 2014 versions have been removed.)

ICBC CL489, 489A, 489B - 2021 Versions
Posted [here](#) and [here](#) (replaces the 2019 versions).
Note by Dr. John Yap: ICBC has had their updated CL489 forms in existence

for about 2 years now. I still believe that OSCAR is the only EMR that has fully integrated this document into its digital system. Specifically, the "paste to encounter" function allows the eForm's clinical information to be "reposted" into the eCHART as a somewhat cogent SOAP note. This is designed to work with the ICBC Consent eForm also found in this folder. This requires some customization as you need to know your Vendor Number, and appropriate measurements for ICBC. It's been tested in Firefox ESR only, in the WELL version of OSCAR. Comments/feedback are welcome at info@oscarbc.ca.

Home Checks on CDM Patients
Moved from the beta to the permanent side. Posted here and here

Initium CPM (Centre for Pain Medicine) Referral
Created at the request of the Chilliwack Division of Family Medicine.
Updated & improved. Posted here and here

Kipp Eye Clinic Referral
